Dubbed "4 Cops in a Box" by Wausau, WI Police Department

MONITOR CRIME AND MAKE ARRESTS WITH THE CODE5 REMOTE STAKEOUT UNIT

The CODE 5 *Remote Stakeout Unit* eliminates costly man hours, with the ability to do long-term unmanned surveillance. The ease of setup and remote access makes the CODE 5 *Remote Stakeout Unit* the most cost-effective and time saving video surveillance tool on the market today.

The CODE 5 has the ability to store up to one year of continuous recording on a standard 250 GB, or larger hard drive. The CODE 5 can simultaneously record up to four channels of video, and includes motion detection zones to single in on key areas of a video frame. The CODE 5 gives you the ability to find and copy video in minutes instead of hours. This unit is also capable of being viewed over any TCP/IP network for true remote surveillance.

The CODE 5 is a base system created by Eye Digital, call us today to see our other surveillance options and to create a customized system to meet your needs. Different surveillance operations call for different cameras, Eye Digital carries a full line of cameras to meet your various needs. Call Eye Digital today and we will find you the best camera to suit your needs within your budget.

CODE 5 Remote Stakeout Unit is small for maximum portability requirements, allowing unit to be placed where it is needed as it is needed.

INCREASE YOUR SURVEILLANCE EFFECTIVENESS WITH COVERT CAMERAS

The hidden button cam is convenient because the video and power cables can be concealed under clothing. This cam is easy to put on, easy to operate, and easy to point in any direction without drawing unwanted attention.

The hat cam is a must have for working undercover or tailing a suspect. The hat cam delivers 280 lines of resolution and weighs only 1/3 of an ounce.

The sunglass cam is a reliable covert camera because it records exactly what you are seeing. The sunglass cam provides 350 lines of resolution with a camera in the bridge and cables concealed in the neck strap.

Already in use in many police departments and TV stations, this high grade necktie cam features top quality construction for excellent concealment. With 410 lines of resolution and .5 low lux rating, this camera will give clean picture in medium to low lighting.

Call Eye Digital today to find out about our wide variety of covert and surveillance cameras.
